Dear Waterworks Owner/Operator:

RE: Precautionary Drinking Water Advisory – Thomson Lake Regional Park Waterworks

Please be advised that the Water Security Agency (WSA) is rescinding the Precautionary Drinking Water Advisory (PDWA) for Thomson Lake Regional Park, effective Thursday May 14, 2020.

The bacteriological samples submitted by the park have tested negative for bacteria and the park has taken all necessary steps to ensure the safety of the water. The park should be commended for the steps they have taken to ensure the safety of their consumers. Please continue to send in the required bacteriological testing.

If you have any further questions or concerns, please contact me at 306-630-7485.

Sincerely,
